ARTICLE V ASSESSMENTS

5.1 Owner's Obligation. By accepting a deed to any Lot, each Owner agrees to pay to the Association all the assessments, to be fixed and levied from time to time as provided in the Declaration, the Articles and Bylaws. Such assessments, together with interest accruing thereon and the costs of collection in the event of a delinquency of payment, shall be the personal obligation of the person who is the Owner, or the persons who are jointly and severally the Owner, at the time the assessment was made.

5.2 Regular Assessments.

A. At least thirty (30) days prior to the commencement of each fiscal year, the Board shall estimate the cost and expenses to be incurred by the Association during such fiscal year in performing its functions, and shall subtract from such estimate an amount equal to the anticipated balance (exclusive of any reserves) in the operating fund at the start of such fiscal year which is attributable to the operation and maintenance assessments for the prior fiscal year. The annual assessments made for common expenses shall be based upon the advance estimate of the cash requirements by the Association to provide for the payment of all common expenses growing out of or connected with the maintenance and operation of the Common Elements, which sums may include, among other things, expenses of management, taxes and special assessments, premiums for all insurance which the Association is required or permitted to maintain, landscaping and care of grounds, common lighting and heating, repairs and renovations, legal and accounting fees, management fees, expenses and liabilities incurred by the Association under or by reason of this Declaration, the Articles of Incorporation and the Bylaws of the Association, any deficit remaining from a previous assessment, the creation of a reasonable contingency or other reserve or surplus fund and any other expenses and liabilities which may be incurred by the Association for the benefit of the Owners. Subject to Section 5.2.B. hereof, the sum or net estimate so determined shall be assessed to the Owners as an operation and maintenance assessment by dividing the total estimate by the total number of single family residential Lots and assessing the resulting amount to the Owner of each Lot. Assessments shall be paid in one (1) annual installment due on or before the 10th day of each January.

B. Within ten (10) days after adoption of any proposed budget for the Association, the Board shall mail, by ordinary first-class mail, or otherwise deliver a summary of the budget to all the Owners and shall set a date for a meeting of the Owners to consider ratification of the budget not less than fourteen (14) nor more than sixty (60) days after mailing or other delivery of the summary. Unless at that meeting a majority of all Owners reject the budget, the budget is ratified, whether or not a quorum is present. In the event that the proposed budget is rejected, the periodic budget last ratified by the Owners must be continued until such time as the Owners ratify a subsequent budget proposed by the Board.

5.3 Special Assessments. If at any time during the fiscal year the regular assessment proves inadequate for any reason, including nonpayment of any Owner's share thereof, the Board may levy a further assessment in the amount of such actual or estimated inadequacy. The special assessment shall be assessed to the Owners by dividing the total estimate by the total number of residential Lots and assessing the resulting amount to the Owner of each Lot, such assessment

to be paid either in equal monthly installments over the balance of the remaining fiscal year, or in a lump sum upon billing as the Board shall determine.

5.4 Reimbursement Assessment. The Board may levy an assessment against any Owner as a result of such Owner's failure to landscape his Lot, including a sprinkler system, rebuild damaged Improvements or to restore or maintain his Lot or the Improvements situate thereon. Such assessment shall be for the purpose of reimbursing the Association for its actual costs and expenses incurred for the repair, maintenance or restoration of such Owner's Lot or Improvements, and shall be due and payable to the Association when levied.

5.5 Reserve Fund. The Association may establish a reserve fund for the maintenance, repair and replacement of the Common Elements. The amount of such fund shall be determined by the Association and shall be funded through annual payments of the common assessments and shall be held by the Association in a separate account, which may be an interest-bearing account, to be held in trust for the Owners for such purposes.

5.6 Capital Improvements. In addition to regular and special assessments, the Association may levy, in any assessment year, a special assessment for the purposes of defraying in whole or in part the cost of any capital Improvement upon the Common Elements, including fixtures, landscaping or personal property related thereto, provided that such assessment shall have the assent of a majority of the members of the Association subject to the assessment.

5.7 Enforcement. In the event any assessment is not paid when due, the Association may enforce payment of such obligation by any or all of the following remedies:

A. The Association may elect to accelerate and declare immediately due and payable the remaining balance of regular or special assessments for such fiscal year.

B. The Association may bring a suit at law to collect the delinquent assessments, including any accelerated assessment. Any judgment rendered in such action shall include a sum for costs of suit, including a reasonable attorney's fees.

C. All delinquent assessments shall be a lien on the Owner's Lot to which the provisions of section 38-33.3-316, C.R.S. (1993), shall apply.

D. Beginning with second month of delinquency, a five percent (5%) penalty will be added to all delinquent amounts each month until payments are current.

5.8 Out-of-State Owners Who Are Not Occupants. In the event an Owner shall not occupy his residence and shall further maintain his principal residence outside of the State of

Colorado, the Board may, to insure and guarantee payment of the assessments provided herein, require such out-of-state Owner who does not occupy his residence to:

- A. Post a surety bond with the Association indemnifying the Association against the default of such Owner in the payment of any assessment levied herein, the amount of such surety bond to be twice the amount of the regular assessment for the preceding fiscal year; or
- B. Pay the regular assessment pursuant to Section 5.2 hereof in advance by the 10th day of the first month of the fiscal year; or
- C. Either or both of the immediately preceding subsections of Section 5.8 hereof.

ARTICLE VI
RESERVATION OF DEVELOPMENT RIGHTS

6.1 Easements. Easements for installation and maintenance of utilities, drainage facilities and irrigation water are reserved as shown on the Plat. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow, obstruct or retard the flow of water in and through drainage channels in the easements. The easement area of each Lot and all Improvements in it shall be maintained continuously by the Owner of the Lot, except those Improvements for which a public authority or one or more utility companies is responsible.

6.2 Construction Easement. Declarant expressly reserves the right to perform warranty work and repairs and construction work and to store materials in secure areas, on Lots and Common Elements, and the future right to control such work and repairs, and the right of access thereto, until its completion. All work may be performed by Declarant without the consent or approval of any Owner or mortgagee. Declarant has such an easement through the Common Elements as may be reasonably necessary for the purpose of discharging Declarant's obligations and exercising Declarant's reserved rights in this Declaration. Such easement includes the right to construct underground utility lines, pipes, wires, ducts, conduits and other facilities across the land not designated as reserved for future development in the Declaration or on the map for the purpose of furnishing utility and other services to buildings and improvements to be constructed on the property so reserved for future development. Declarant's reserved construction easement includes the right to grant easements to public utility companies and to convey improvements within those easements anywhere in the Common Elements not occupied

by an improvement containing Lots. If Declarant grants any such easements, the Declaration will be amended to include reference to the recorded easement.

6.3 Reciprocal Easements. If all or part of the Development Property is not submitted to this Declaration, or if property is withdrawn from the Chatfield IV Subdivision project ("Withdrawn Property"):

A. The Owner(s) of the Development Property and/or Withdrawn Property shall have whatever easements are necessary or desirable, if any, for access, utility service, repair, maintenance and emergencies over and across the Chatfield IV Subdivision; and

B. The Owner(s) in the Chatfield IV Subdivision project shall have whatever easements are necessary or desirable, if any, for access, utility service, repair, maintenance and emergencies over and across the Development Property and Withdrawn Property.

Declarant shall prepare and record in the office of the clerk and recorder of Mesa County whatever documents are necessary to evidence such easements and shall amend the Declaration to include reference to the recorded easement(s). Such recorded easement(s) shall specify that the Owners of the Development Property and the Withdrawn Property and the Owners in the Chatfield IV Subdivision project shall be obligated to pay a proportionate share of the cost of the operation and maintenance of any easements utilized by either one of them on the other's property upon such reasonable basis as Declarant shall establish in the easement(s). Preparation and recordation by Declarant of an easement pursuant to this section shall conclusively determine the existence, location and extent of the reciprocal easements that are necessary or desirable as contemplated by this section.

6.4 Transfer of Development Rights. Any Development Right or Additional Reserved Right created or reserved under this article for the benefit of Declarant may be transferred to any person by an instrument describing the rights transferred and recorded in every county in which any portion of the project is located. Such instrument shall be executed by the transferor Declarant and the transferee.

7.2 Loss, Damage or Destruction of Improvements Other Than Buildings. In the event of a loss, destruction or damage to any Improvements situate on any Owner's Lot exclusive of the residential building, such Owner shall, after first obtaining the approval of the Architectural Control Committee, replace, repair or restore such damaged Improvement with an identical Improvement as to the one destroyed, lost or damaged. In the event an Owner fails to make such repair, replacement or restoration within ninety (90) days of the loss, damage or destruction, the Association shall have the option to make such repair, restoration or replacement and charge the cost thereof to the Owner as a reimbursement assessment.

In the event of loss, damage or destruction of any Improvement situate upon the Common Elements, the Association shall within ninety (90) days of such loss, damage or destruction, replace, repair or restore such Improvement with an identical Improvement.

The new structure shall be rebuilt in the same location, following the same floor plan and elevation and using the same exterior materials and stain as the building which had been lost, damaged or destroyed. It is the specific intent of this section to impose upon the Owner of each Lot, the obligation to replace any destroyed building with a new building having the identical appearance as the building destroyed and the other residences within the Properties. Further, following completion of the repair, restoration or replacement of the damaged structure, the Owner shall repair, replace or restore any landscaping or other Improvements involved in the damage, destruction or loss to the residents within ninety (90) days of completion of the structure.
