A. At least thirty (30) days prior to the commencement of each fiscal year, the Board shall estimate the cost and expenses to be incurred by the Association during such fiscal year in performing its functions pursuant to the Declaration, Articles and Bylaws (including a reasonable provision for contingencies and replacements), and shall subtract from such estimate an amount equal to the anticipated balance (exclusive of any reserves) in the operating fund at the start of such fiscal year which is attributable

to the operation and maintenance assessments for the prior fiscal year. Subject to Section 5.2.B hereof, the sum or net estimate so determined shall be assessed to the Owners as an operation and maintenance assessment by dividing the total estimate by the total number of single family residential Lots and assessing the resulting amount to the Owner of each Lot. Assessments shall be paid in one (1) annual installment due on or before the 10th day of each January.

B. Within ten (10) days after adoption of any proposed budget for the Association, the Board shall mail, by ordinary first-class mail, or otherwise deliver a summary of the budget to all the Owners and shall set a date for a meeting of the Owners to consider ratification of the budget not less than fourteen (14) nor more than sixty (60) days after mailing or other delivery of the summary. Unless at that meeting a majority of all Owners reject the budget, the budget is ratified, whether or not a quorum is present. In the event that the proposed budget is rejected, the periodic budget last ratified by the Owners must be continued until such time as the Owners ratify a subsequent budget proposed by the Board.

- 5.4 Special Assessments. If at any time during the fiscal year the regular assessment proves inadequate for any reason, including nonpayment of any Owner's share thereof, the Board may levy a further assessment in the amount of such actual or estimated inadequacy. The special assessment shall be assessed to the Owners by dividing the total estimate by the total number of vacant and/or built Lots and assessing the resulting amount to the Owner of each Lot, such assessment to be paid either in equal monthly installments over the balance of the remaining fiscal year, or in a lump sum upon billing as the Board shall determine.
- 5.5 Reimbursement Assessment. The Board may levy an assessment against any Owner as a result of such Owner's failure to landscape his Lot, including a sprinkler system, rebuild damaged Improvements or to restore or maintain his Lot or the Improvements situate thereon. Such assessment shall be for the purpose of reimbursing the Association for its actual costs and expenses incurred for the repair, maintenance or restoration of such Owner's Lot or Improvements, and shall be due and payable to the Association when levied.
- 5.6 Capital Improvements. In addition to regular and special assessments, the Association may levy, in any assessment year, a special assessment for the purposes of defraying in whole or in part the cost of any capital Improvement upon the Common Area, including fixtures, landscaping or personal property related thereto, provided that such assessment shall have

the assent of a majority of the members of the Association subject to the assessment.

5.7 Enforcement. In the event any assessment is not paid when due, the Association may enforce payment of such obligation by any or all of the following remedies:

A. The Association may elect to accelerate and declare immediately due and payable the remaining balance of regular or special assessments for such fiscal year.

Amendment 1

A. Post a surety bond with the Association indemnifying the Association against the default of such Owner in the payment of any assessment levied herein, the amount of such surety bond to be twice the amount of the regular assessment for the preceding fiscal year; or

B. Pay the regular assessment pursuant to Section 5.3 hereof in advance by the 10th day of the first month of the fiscal year; or

ARTICLE VI
RESERVATION OF EXPANSION AND DEVELOPMENT RIGHTS

- 6.1 Expansion Rights. Declarant expressly reserves the right to subject all or any part of the property described in Exhibit C attached hereto and hereby incorporated by reference (the "Development Property") to the provisions of this Declaration upon the substantial completion of improvements on the Development Property. The consent of the existing Owners or mortgages shall not be required for any such expansion, and Declarant may proceed with such expansion without limitation at its sole option.
- 6.2 Development and Withdrawal Rights. Declarant expressly reserves the right to create or construct additional Lots, Common Areas and limited-common elements (the "Additional Improvements") to subdivide Lots and to convert Lots into Common Areas on all or any portion of the Property reserved for future development in the Declaration or on the map. Declarant may exercise its Development Rights on all or any portion of the reserved property in whatever order of development Declarant, in its sole discretion, determines. If all or any part of the Development Property is submitted to this Declaration, this right to reserve property for future development shall apply to such property as well. Declarant expressly reserves the right to withdraw all or any portion of the Property that is reserved for future development in the Declaration or on the map from the Spanish Trail project by recording a document evidencing such withdrawal in the office of the clerk and recorder of the county where the property is located; provided, however, that no portion of the property has been conveyed to a purchaser. The property withdrawn from the Spanish Trail project shall be subject to whatever easements, if any, are reasonably necessary for access to or operation of the Spanish Trail project. Declarant shall prepare and record in the office of the clerk and recorder of the county where the property is located whatever documents are necessary to evidence such easements and shall amend the Declaration to include reference to the recorded easement.
- 6.3 Amendment of the Declaration. If Declarant elects to submit the Development Property, or any part thereof, or Additional Improvements, to this Declaration or to subdivide or to convert Lots at such time as construction of the improvements on the Development Property or the Additional Improvements are substantially complete, Declarant shall record an amendment to the Declaration reallocating the Allocated Interests so that the Allocated Interests appurtenant to each Lot will be apportioned according to the total number of Lots submitted to the Declaration. The Allocated Interests appurtenant to each Lot in the Spanish Trail project, as expanded, shall be based on the same formula as contained in Sections 4.4.B and 5.3 of the Declaration.

The amendment to the Declaration shall contain at a minimum the legal description of the Development Property, or a part thereof, or a description of the

property on which the Additional Improvements being submitted to this Declaration are located and a schedule of the Allocated Interests appurtenant to the Lots in the Spanish Trail project as expanded.

- 6.4 Amendment of the Map. Declarant shall, contemporaneously with the amendment of the Declaration, file an amendment of the map showing the location of the Additional Improvements constructed on the Development Property. The amendment to the map shall substantially conform to the requirements contained in this Declaration.
- 6.5 Interpretation. Recording of the amendments to the Declaration and map in the office of the clerk and recorder of the county where the Development Property or the Additional Improvements are located shall automatically vest in each existing Owner the reallocated Allocated Interests appurtenant to his Lot.

Upon the recording of an amendment to the Declaration, the definitions used in this Declaration shall automatically be extended to encompass and to refer to the property, as expanded. The Development Property, or any part thereof, or the Additional Improvements, shall be added to and become a part of the property for all purposes. All conveyances of Lots after such expansion shall be effective to transfer rights in all Common Areas as expanded, whether or not reference is made to any amendment to the Declaration or map. Reference to the Declaration and map in any instrument shall be deemed to include all amendments to the Declaration and map without specific reference thereto.

- 6.6 Construction Easement. Declarant expressly reserves the right to perform warranty work and repairs and construction work and to store materials in secure areas, on Lots and Common Areas, and the future right to control such work and repairs, and the right of access thereto, until its completion. All work may be performed by Declarant without the consent or approval of any Owner or mortgagee. Declarant has such an easement through the Common Areas, as may be reasonable necessary for the purpose of discharging Declarant's obligations and exercising Declarant's reserved rights in this Declaration. Such easement includes the right to construct underground utility lines, pipes, wires, ducts, conduits and other facilities across the land not designated as reserved for future development in the Declaration or on the map for the purpose of furnishing utility and other services to buildings and improvements to be constructed on the property so reserved for future development. Declarant's reserved construction easement includes the right to grant easements to public utility companies and to convey improvement containing Lots. If Declarant grants any such easements, the Declaration will be amended to include reference to the recorded easement.

6.7 Reciprocal Easement. If all or part of the Development Property is not submitted to this Declaration, or if property is withdrawn from the Spanish Trail project ("Withdrawn Property"):

- A. The Owner(s) of the Development Property and/or Withdrawn Property shall have whatever easements are necessary or desirable, if any, for access, utility service, repair, maintenance and emergencies over and across the Spanish Trail project; and
- B. The Owner(s) in the Spanish Trail project shall have whatever easements are necessary or desirable, if any, for access, utility service, repair, maintenance and emergencies over and across the Development Property and Withdrawn Property.

Declarant shall prepare and record in the office of the clerk and recorder of the county where the property is located whatever documents are necessary to evidence such easements and shall amend the Declaration to include reference to the recorded easement(s). Such recorded easement(s) shall specify that the Owners of the Development Property and the Withdrawn Property and the Owners in the Spanish Trail project shall be obligated to pay a proportionate share of the cost of the operation and maintenance of any easements utilized by either one of them on the other's property upon such reasonable basis as Declarant shall establish in the easement(s). Preparation and recordation by Declarant of an easement pursuant to this section shall conclusively determine the existence, location and extent of the reciprocal easements that are necessary or desirable as contemplated by this section.

6.8 Termination of Expansion and Development Rights. The expansion and Development Rights reserved to Declarant, for itself, its successors and assigns, shall expire ten (10) years from the date of recording this Declaration, unless the expansion and Development Rights are (i) extended as allowed by law, or (ii) reinstated or extended by the Association, subject to whatever terms, conditions and limitations the Board may impose on the subsequent exercise of the expansion and Development Rights by Declarant. Upon the expiration or other termination of the expansion and Development Rights, any Lot then subject to Development Rights shall become Common Area.

6.9 Transfer of Expansion and Development Rights. Any Development Right or Additional Reserved Right created or reserved under this article for the benefit of Declarant may be transferred to any person by an instrument describing the rights transferred and recorded in every county in which any portion of the project is located. Such instrument shall be executed by the transferor Declarant and the transferee.

In the event of loss, damage or destruction of any Improvement situate upon the Common Area, the Association shall within ninety (90) days of such loss, damage or destruction, replace, repair or restore such Improvement with an identical Improvement.

Any other Owner of a Residence of which such wall is a part may cause the repair or reconstruction of such party wall, and the Owner whose negligence or intentional acts or omissions caused such damage or destruction shall promptly reimburse the reasonable costs of such repair.
- D. In the event that a Lot and the improvements thereupon are not properly maintained and repaired, or in the event that the improvements on the Lot are damaged or destroyed by an event of casualty and the Owner does not take reasonable measures to diligently pursue the repair and reconstruction of the damaged or destroyed improvements to substantially the same condition which they existed prior to the damage or destruction, then the Association, after notice to the Owner and with the approval of the Board, shall have the right to enter upon the Lot to perform such work as is reasonably required to restore the Lot and the buildings and other improvements thereon.

- 7.5 Owner Maintenance of Shared Driveways.
